

## **Ads@Work Website Privacy Policy**

This privacy policy applies to Ads@Work.com (“Site”). We respect the privacy of our visitors and collect only such personal information as is needed to provide the information, service, or assistance that you request.

### 1. Information Collected Automatically

If you visit our Site to browse or read information, your web browser automatically sends us (and we may retain) information such as your IP address, type of browser and operating system you are using, and the date and time you access our Site. This is statistical data about our users’ browsing actions and patterns, and does not identify any individual.

### 2. Other Information We Collect

If you choose to identify yourself or otherwise provide us with personal information when using our “Contact Us,” or any other online form, we will collect and may retain any personally identifying information such as your name or email address, and any other information that you provide. We will use this information to fulfill your request, and may use it to provide you with additional information at a later time. We will not disclose this information to third parties, except as specified in this privacy policy.

### 3. Cookies

We may use cookies in order to customize this Site for return visitors. You are not required to accept any cookies to use this site.

We use a tool called “Google Analytics” to collect information about the use of this Site. Google Analytics is a web analytics tool that helps website owners understand how visitors engage with their website. Google Analytics customers can view a variety of reports about how visitors interact with their website so that they can improve it. Like many services, Google Analytics uses first-party cookies to track visitor interactions as in our case, where they are used to collect information about how visitors use our site.

Cookies contain information that is transferred to your computer’s hard drive. These cookies are used to store information, such as the time that the current visit occurred, whether the visitor has been to the site before and what site referred the visitor to the web page.

Google Analytics collects information anonymously. It reports website trends without identifying individual visitors. You can opt out of Google Analytics without affecting how you visit our site – for more information on opting out of being tracked by Google Analytics across all websites you use, visit this [Google page](#).
